Sales and Profits by Store

OVERVIEW

Sales

Sale Analysis

The revenue and profit follows the same pattern of rise in March to June period followed by steep decline till November. Whereas % of profit margin shows a different story. The stores earn around 28%-29% profit margin in August to November. This could be due to fall in sales, store rise the profit margin to sustain revenue.

Store Analysis

Cuidad de Mexico, Guadalajara, Monterrey are the top 3 locations who sold the maximum units. The sale contribution comes from Art & Craft and Toys category.

Product Analysis

Lego Bricks is the hero product in sales with the sales of 2.4 million dollars. Colorbuds is the most profitable product with a profit of nearly 1 million.

Location Analysis

Downtown is the favorite location of maven toys followed by commercial section. Airport is the most profitable location.

Sale Recommendation

During the 2nd and 3rd quarter of 2018 financial year maven toys experienced a downfall in sales and profits. So, In order to increase the sales now we should introduce some discounts and increase our marketing with some new ideas.

Store Recommendation

Maven toys should focus on above mentioned locations with the respective category of products as they are either high on revenue or profit margin.

Product Recommendation

The sales of electronics need to be increased in order to grow the profit margin. As per current situation, 31% profit comes from electronic section but due to being the least stocked segment only 12% sale is contributed by Electronics.

Location Recommendation

Maven toys should focus more on airport location as it is most profitable and should increase the sales there.

Conclusion

Maven Toys had a strong performance in the 2017 FY, but there was some decline in the 2018 FY, particularly in the last quarters.
